

BIRMINGHAM CITY
University
International College

FACULTY OF HEALTH, EDUCATION AND LIFE SCIENCES

This Faculty is based in the University's City South Campus,
which is receiving a £41 million investment in
new specialist laboratories and teaching spaces.

Undergraduate programmes

Education pathway

BA (Hons) Early Childhood Studies

Health Science pathway

BSc (Hons) Biomedical Sciences

BSc (Hons) Food and Nutrition

BSc (Hons) Health Studies (Public Health)

MEng Biomedical Engineering*

Sports Science pathway

BSc (Hons) Physical Education and School Sport

BSc (Hons) Sport and Exercise Nutrition

BSc (Hons) Sport and Exercise Science

* This integrated Master's degree combines three years of undergraduate study with an additional fourth year at postgraduate level. Although we issue CAS for the MEng, students have the option of leaving the programme after three years – at BEng level.

† Integrated First Year is taught at Birmingham City University, alongside the University's direct students, with the addition of extra support modules taught by BCUIIC.

DID YOU KNOW?

- Courses have been endorsed by various professional bodies – such as the British Association of Sport & Exercise Sciences (BASES) and the British Association for Applied Nutrition & Nutritional Therapy (BANT).
- Courses have been co-designed with employers and many have work placements built into each year of study.
- The Faculty's teaching team is continuously involved in national and international collaborations through research.

BRAND NEW CAMPUS FOR 2018

£260 million has been invested in the University's facilities over recent years, including £41 million on a new building at the City South Campus. This building will feature specialist laboratories for the Faculty's Sports and Life Science courses, and it will also be home to the University's Education courses.

FATEMA VIRJEE, KENYA

BA (Hons) Early Childhood Studies

My brother came to BCUIIC and told me how wonderful it was! Birmingham City University also offered the exact course I wanted to study, which is very important.

The staff are very supportive and it was easy to mix with all the other nationalities. It's been an amazing experience so far.
