WHAT'S YOUR AMBITION?

SOFTWARE DEVELOPER

CLAUDIO CONCEICAO, ANGOLA

BSc (Hons) Computer Science

"I always wanted to come to Birmingham. It's the second biggest city in the UK and a good central location – you can easily get down to London.

"The resources available at BCUIC are excellent. The campus is equipped with Apple Mac suites, and the tutors are very knowledgeable and friendly. The computer facilities at Millennium Point – on the City Centre Campus – are also really impressive."
